INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Kinston City Directory since 1908), present to subscribers and the general public, this, the 1962 edition of the Kinston City Directory, which also includes Club Pines, Dupreeville, Green Acres, Greenmead, Jackson Heights, Northview and Rural Route Residents. The inclusion of Jackson Heights and Northview are new.

Confidence in the growth of Kinston's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Kinston to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Kinston Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Kinston, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Kinston, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Kinston and vicinity.

The Kinston Out-of-Town City Directory Library

Through the courtesy of the publishers of the Kinston City Directory, a Directory Library is maintained in the offices of the Kinston Chamber of Commerce Inc, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by Members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

The beginning of what is now a thriving eastern Carolina city was a wilderness settlement and trading post on the banks of the Neuse River, 70 miles from the Atlantic Ocean, in Colonial 1740. Since that time Kinston has been multiplied many times over, and has become a well-balanced center of varied commerce. The forest trails and water travel of Colonial days have turned into paved highways and railway roadbeds, and the "trading post" now serves approximately 150,000 "settlers" in its territory.

The population of the river settlement has grown from a hardy handful early in the 19th century to 25,400 at present. Today Kinston is the seat of government of Lenoir County, embracing 55,000 persons. The growth of Kinston always has been closely tied to agriculture, but now with the continued increase of population in the trade area, gradually developing industrial character is to be observed. The city, likewise, has become a permanent retail trading center for eastern North Carolina, and is the largest wholesale distribution point east of Raleigh.

From the basic agricultural work of the early settlers, engaged in survival, the production--first, of cotton, and later, tobacco--came a broad-economic outlook and more prosperity. Today "King Cotton" has lost its autocracy and the "Golden-Leaf Tobacco" has become the economic ruler.

The rule of the "Golden-Leaf" has been a fruitful one, for \$34,500,-795 poured into the farmers' purses as the result of sales on the Kinston market in 1960. Kinston's twelve tobacco warehouses provide ample sales space and facilities to accommodate more than 100,000,000 pounds of tobacco. Such a return from a single phase of the agriculture life of Kinston's "settlement" area, when boosted by the progress and return from the variety of other phases, has been reflected sharply in its growth.

Following the establishment of a thriving market, tobacco-processing factories were built, and have taken their place among numerous other industrial establishments to make the river-bank trading post a center of economic wealth. Within the boundaries of Kinston, with its

many miles of broad, paved streets, are located producers of clothing and other textiles, building materials and various types of consumer goods.

Auction Scene from One of Kinston's Twelve Tobacco Warehouses

A network of improved highways lead out of Kinston into the Coastal Plain like the spokes of a wheel and two railroads provide carrier facilities of heavy goods and shipments. Electric power, with newly-added equipment and facilities, is available to the city's residential and industrial needs and is more than 40% above the peak demand at present. There are 50 manufacturing and processing firms located in the city, with nine large wholesale distributors, and over 400 retail stores and service institutions, all banded together to serve the requirements of the ever-growing population.

The economic soundness of Kinston can be attested by the three thriving banks, two having branches including a drive-in bank, which serves its citizens and its business life. Surveys have shown a steadily-mounting check-clearance volume in the banks for a number of years. The solvency of the City government is shown by the ready sale, at all times, of the municipal bonds for street and utility improvements and for the construction of permanent municipal improvements.

The physical well-being of the city, and its citizens is no less sound than any other part of its life. With the location 70 miles from the coast on North Carolina's temperate plains, the weather—wet or dry, hot or cold—is one of the most healthful. Here, it is not a matter of now many days the sun shines each year, but whether it shines in proper proportion to the rainfall. The abundance and value of farm crops grown in the immediate vicinity is proof of ideal weather and climate.

Frosty Morn Meats, Inc., Federally Inspected Meat Packing Plant

Two modern hospitals, staffed by some of the country's most eminent physicians, surgeons and specialists, are here to serve the citizens of the area. More than 40 doctors and dentists reside and practice in the city, thereby making Kinston the medical center of eastern North Carolina. A well-organized public health program is carried on at all times to make for cleanliness and the eradication and treatment of disease. The Caswell Training School, the State's largest institution for the care of the mentally retarded and deficient, is located near the city. Kinston has a large modern library, with three branches and a mobile unit circulating 340,000 books and library materials annually. The library circulates, besides books, educational films and musical recordings and also sponsors Great Books discussion groups.

Kinston has the unique distinction of a perpetual artesian water supply coming from deep wells that provide water of the purest content east of the Rocky Mountains and is entirely untreated. The supply is unlimited for industrial and commercial use, as well as for home consumption.

Kinston citizens are friendly people, ever anxious to share their goods or services with the stranger within the city's gates. Kinston extends a cordial invitation to homeseekers, industrialists, retail traders, and men and women of all vocations to come here for a day, a year, or a lifetime.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight • Out of Mind ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. If it is not rushing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

STREET GUIDE

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

HILL'S KINSTON

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1962

Including Club Pines, Dupreeville, Green Acres,
Greenmead, Jackson Heights and Northview

Copyright 1962, by Hill Directory Company

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER. THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE. IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL ● FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

FIGURES IN PARENTHESIS DENOTE OLD NUMBERS.

THE WORD STREET IS NOT USED IN ADDRESSES. WHERE A DESIGNATION AV, CIR, TER, ETC., DOES NOT APPEAR, THE DESIGNATION ST IS UNDERSTOOD.

(THE NUMERALS THAT APPEAR AT RIGHT EDGE OF COLUMNS, AHEAD OF STREET DESCRIPTIONS AND SOME STREET INTERSECTIONS, ARE MERELY FOR THE GUIDANCE OF THE PUBLISHERS, AND HAVE NO OTHER SIGNIFICANCE.)

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR, NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages
